### Pre-Hash

*Comment from SP: I have hared with Rubber Duck three times. I now understand why his hash name is as is. Three times we have had a wet trail.*

After a 11 week break from hashing brought about by the SOE resulting from the Covid-19 pandemic and the lock down and other restrictive measures it was a welcome return to hashing by H2H3, although CAH3 hashed last week. The rainy season had returned resulting in a damp day with the odd light shower, although some hashers had driven through some very heavy rain on route to the hash. But the Hares had chosen JJ's restaurant for the venue with plenty of cover. As start time approached Head Ballcock reminded Tinks to get the show on the road.

### Briefing

*Comment from SP: This week was not a Hash. Two times the paper was laid. Thank you to brave souls who must have been desperate to hash after the long break*

The Hares Swindlers Pissed and Rubber Duck were called to brief the now assembled 21 hounds of the pleasures to be encountered on trail. Only one trail with a small speed bump. Maybe some wet and muddy sections and false trails. No cattle, the odd dog but should be no problem. Beware of some low-level wire in a couple of places.

### The Trail

*Comment from SP: It was a fairly easy short trail with wet paper and a moderate little hill climb. Which was more difficult with the rain. Sodomy enjoyed being an FRB pass the spectators in the restaurant and did not enjoy losing the paper on trail on two occasions.*

With the rain now stopped the pack set off shortly after five and while circumnavigating a large pond and on route came across the water and mud, before getting back to the road and heading off past the restaurant. The trail took a left into undergrowth and eventually broke out into more open ground. The trail continued in an easterly direction crossing a dirt road and on towards the

Black mountain Road. This trail had been used before but was less overgrown due to burn off at some time. The trail crossed the Black Mountain Road and then went right following the fence line. Paper was a little difficult to find in this section. The trail then went left and the headed south before turning west and then up the soft hill climb. Luckily it was not raining as this section would have been a challenge looking at the runoff evidence of earlier heavy rain. Upon reaching the top the trail went right and then left and skirted round the back of

Summerland and on through more shiggy until going left and back down to the Black Mountain Road. A lack of paper here before heading back east and then right up the track to the temple under construction. The trail continued on this track before going right and following a familiar track in the direction of home. It was on this stretch that Master Baker was seen heading back having not seen paper for some time. Pare was spotted to the left but this proved not to be trail and so it was back to the familiar trail and finding an On In sign. No need to follow paper anymore although there was a possibility that some (Sodomy, Cock in a Frock) seeing paper on the right going into the trees would have started out again on the out trail

## Post Run & Circle

*Comment from SP: The circle took place in the dry of JJ's restaurant. This may be a first time where the circle and On On were held together. Tinks struggling to get attention from the enthusiastic eaters with his dry throat..more Chang required. Sodomy was the lucky winner of the free meal in the ON On Raffle arranged by JJ.*

As there was light rain most of the pack had settled under cover in the restaurant with a few outside near the cold box. Swindlers Pissed advised that the insiders wanted the circle to be held in the restaurant in the dry and so it was. So Tinks relocated to inside and called the pack to order and proceeded to the award of 27 DD's to the following:

Swindlers Pissed & Rubber Duck: Hares - a good trail but lacking paper in a few places.

Butt Out & Rubber Duck: private circle.

Slime & Lucky Me: Late arrivals. Ball Banger, Dragon Tail, Sodomy, Master Baker: Visitors from Cha-Am, Phetchaburi.

Cock Tastes Good (Irina - Russia) and Pussy Takes Cock (Michael - Estonia): visitors from Phuket Hash.

Big Macker Knacker, Golden Rain: wrong shoes so not hashing.

Screw Driver, Loose Screw, Mingster: Poor excuses for not hashing.

Cock in a Frock: putting the car in a pothole so unable to chauffeur Tinks to the Hash.

Slime, Lucky Me & Mingster: Second private circle.

Brown Diamond: Thanks for welcoming the hash to your restaurant.

Big Macker Knacker: Leaving for annual visit to Ireland.

Hong Ting Tong & Lucky Me: preparing down down beers

Matron & Little Behind: Going home for a joint shower prior to returning to the hash on after.

The circle was then closed, and the gathered continued feasting and drinking.
