Hares: Onefer and Ballabnger

Biermeister Team:

Ice Man:

Tax Collector:

Scribe: Tinks

Number of Hashers: 0

Pre-Run

As a result of no letup in the rain from Wednesday (7th October) night after the Fun Run/Walk and with forecast of continued rain over the weekend and on into next week Lead Hare Onefer called me on Friday night with concern over the safety of hashers, in particular the walkers. It was agreed that he would return to the run site on Saturday morning and decide on whether or not to cancel. On the morning Onefer having ventured out to the run site in rain and confirming similar conditions with his cohere Ballbanger who was staying put at home made the bold decision to cancel. A first for H2H3 but safety came first. Onefer must have laid a challenging trail all of which had been washed away by mother nature.

The website was updated, and a group email sent out advising on the cancellation. Hopefully, nobody went looking for the run site.

As a result of the cancellation Staunch Taiwan Hasher Slime was not going to let the Double 10 Taiwan National Day be a total wash out. and circulated a group email advising on a meet at the same place as the previous weeks CAH3 run location with an on after at the Good Moon Restaurant.

Location: Reservoir close to Sunny Valley

Car Park Coordinates: N 12.624393, E 99.870359

Number of Hashers: 3

The Trail

In response to Slimes alternative hash the only other attendee was me (Tinks). Having tried to recruit Head Ballcock to show. who had an excuse that he had a meeting, the only advice he received regarding the trail was that it would be wet. So, at 4:30 we three set out to complete the trail in the reverse direction, anti-clockwise, with me having done so the previous Wednesday and hopefully would not go off trail. Oh, and the weather was clearing and looking like no rain for the duration of our trail walk. No problems following the original track other than the puddles

were much larger and deeper. Upon completion we supped Chang beer after which we headed off to the Good Moon Restaurant, although I lost the way getting back to the bypass with Slime and Lucky me following. No rain during our time at the hash site.

My GPS recorded 6.4 km in a moving time of 82:21 and overall time of 86:04 min.

On After

Upon arrival at the Good Moon we were welcomed by Madonna and Gudmund. Also, in attendance were Rubber Duck and Golden Rain.
