### Pre-Run

Another week affected by Covid-19 restrictions and no beverage truck or snacks resulted in a lower number of attendees to this weeks gathering in a territory familiar to Lead Hare Onefer. I can almost picture the trail from previous visits to this area one of which was Run #368 on 16th September 2017 show below.

### The Trail

The trail was in a clockwise direction and according to Hare Ding-a-Ling's Strava GPS recording on the day shown below the Rambo trail was 6.0 km which he completed in a time of 66:38 min. The Walkers trail was a distance of 3.9 km recorded by Ding-a-Ling when laying trail during the week The split being at the point where the return trail almost meets the outgoing trail.
