(a) Dutchie/Cathusalem

Last Saturday's run was quite different...going through all the typical Thai RUBBISH it was even smelly.

However, there were many people and also on the way some confusion. We were all (quite a large group) crossing a flat sandy stony area twice! But altogether a good Hash with some nice views as well.

For some the stony paths either up or downwards were a bit difficult but Jock Twat showed the last few of us an easier route.

Someone suggested that the Hares should be iced but the majority voiced their approval and they avoided it. However, the shout of approval was much louder for the snacks and Athol Brose kindly provided by Miss Snickers.

Loose Screw and Dave the Rave were presented with engraved tankards for completing 100 runs.

Brian Pollard was christened as "Leeds Me Astray" a name suggested by Sara, who'll be coming up for christening herself soon. Frank McKenzie was also called up, having already completed eleven H2H3 runs. He was very coy about what

he'd been doing all his life so perhaps we have to take a different approach next time or just christen him "Overdue".

Cathusalem and Pussy Pedaller were both down-downed as leavers. Tinks, who will be the temporary GM for about two months, was also down-downed.

(Editor's note: for a description of some of the more licentious elements of the circle proceedings see Lost Cause's write-up.)

The On After was a very good choice...good food, good mood and a good crowd.

(b) Lost Cause

Well what can I say the walk started off ok, well the first 10 minutes then walking more than I would have liked on a false trail, thanks Twat, ok so we are back on the trail, oh great scenery if you can take your eye off the floor from the uneven trail we were on, I can't have had my eyes up at all as I didn't even notice the sexy Mud Man run pass me on the on in, interesting things to see the dump we went through household rubbish shitty diapers etc just lovely, hearing grown men screaming like a girl shouting bleep bleep bleep bleeping hornets, (HUGS) but he was not on his own, a couple got caught up in them all I can say is thanks for the warning so as not to follow you that way, Colossus walking through some trees and getting covered in ants, and Pussy Pedler at hand to administer first aid he has everything that man, but I don't know whether he was enjoying it a little too much Colossus whipping his shirt off for Pussy Pedler to rub the cream in, thanks again for the warning not to stand tall, then we reach the warning signs spread out for the next 100 or so metres, KEEP OUT, DANGER, TOXIC, BEWARE RADIATION, But we soldier on, having to crawl on our hands and knees under barbed wire, some did panic and needed help but as true Hashers we managed it back, we were never in doubt well there is beer waiting to drink and more importantly Miss Snickers did the snacks very yummy as usual, we are celebrating Burns Day some of us wearing tartan of some sort, poor show I thought you should all try and do better next time, well the few that did make an effort were called into the circle not many kilts this year shame on you, but Lost Cause had come prepared surgical gloves well you have to check for any under garments after trying to get up the leg of Jock Twats tartan shorts and Tinks kilt not much between them might I add Tinks flashing his meat and two veg well what can I say even a vegetarian would have been fine with it not much meat there if you know what I mean hahaha then flashing his arse, I think he turned a few ladies heads and maybe a few men too, I still have the surgical gloves if anyone would like them otherwise they will be on eBay Monday, a few down downs we're enjoyed thank you for the visitors and virgins that joined us this week, Legs Wide Open was called in the circle for money laundering yes you got it doing the washing without checking the pockets, thank
